Spring 2018

Prefinal Portfolio Submission

Due date: April 22, 2018

Submission of prefinal portfolio link via Canvas

Please incorporate all the suggested changes to your projects description, gen ed reflection, ethics essay and cumulative reflection. Submit your reflections and a link to your portfolio site.

You will receive feedback on all these components by April 27. At that point, please incorporate that feedback to prepare and submit your final portfolio by April 29.

Feedback from Portfolio Project Narrative Assignment:

- Great job on the descriptions!
- In case you have photos/videos or links for you projects to demonstrate your final designs, you can put that up as well.
- I can see that you have included some information about your senior design project on your website and it says work in progress. Please complete that as well.

Feedback from Ethics Essay:

- You have mentioned that you would delve into proper testing of the system. While that is a very good approach, also mention what you would do after testing and finding out about it.
- Would you report to your managers?
- Would you seek external help?
- Would you fear losing your job and follow instructions given to you?
